Biscuits

Ingredients:

- 2 cups flour (1 $\frac{2}{3}$ cups white flour + $\frac{1}{3}$ cup whole wheat)
- 2 teaspoon baking powder
- 1 teaspoon baking soda
- $\frac{1}{2}$ teaspoon salt
- $\frac{1}{4}$ cup butter
- $\frac{3}{4}$ cup cold 1% milk

Makes 4 servings - 33% calories from fat

Instructions:

1. In a medium bowl, add flour, baking powder, baking soda, and salt. Mix well.
2. Add butter, cutting in with a pastry blender. Add milk all at once and stir quickly with a fork.
3. Turn out on a floured surface and knead dough 6 times. Roll or pat to $\frac{1}{2}$ to $\frac{3}{4}$ inch thick and cut with biscuit cutter and place on baking sheet.
4. Bake at 475° F for 5 minutes. Turn off heat and leave in oven for 15-20 minutes or until brown.

Note:

- These biscuits make a wonderful shortcake for fresh strawberries as is, or you can add two teaspoons of sugar to the batter and press flat in an 8-inch round cake pan for a sweeter short cake.
