4-H Youth Development Mission Statement

The mission of Cornell Cooperative Extension 4-H Youth Development is to build youth adult partnerships to enable youth to become fully engaged in their learning process. New York State 4-H is a leader in enabling youth to develop the knowledge, skills, attitudes, and abilities to become productive citizens and is a catalyst for positive change to meet the needs of a diverse and changing society.

Through 4-H Youth Development, youth will:

- Practice effective problem-solving and decision-making skills
- Possess positive work attitudes and skills
- Value diversity
- Accept community and social responsibility
- Contribute to positive relationships with families, peers and community
- Demonstrate communication and leadership skills
- Value lifelong learning

Cornell Cooperative Extension values

- 4-H Youth development as the focus of all youth development activities
- Partnerships for supporting, conducting and extending the program
- Volunteerism as a cornerstone of the program
- Diversity and the strengths it brings to Cornell Cooperative Extension programs

CLUB NEWS

The Field and Flats 4-H Club from Edmeston, took 4th place in the 91st Hoard's Dairyman Cow Judging Contest in 4-H Club Division.

The club has participated every year since the contest was started 10 years ago.

New York State 4-H Agri Business Career Conference

The 44th Annual New York State 4-H Agribusiness Career Conference was held on October 22, 2021 at SUNY Cobleskill. The conference is co-sponsored by NYS 4-H, the State University of New York (SUNY) at Cobleskill and the NYS Farm Bureau Foundation for Education. Otsego County 4-H members Sean Kersmanc, Chase Burkhart and Evelyn Kersmanc spent the day on campus exploring opportunities within agriculture field and also learned about the academic requirements for professional positions available in the various agri-businesses. The day included seminars, guest speakers and a guided tour of the SUNY Cobleskill campus and agriculture facilities.

Otsego County 4-H members Sean Kersmanc, Chase Burkhart and Evelyn Kersmanc.

4-H STEM Challenge Workshop

Saturday, December 4, 10 a.m.
Oneonta 4-H Office

Astro Adventure

This unplugged board game promotes teamwork as kids gather the resources needed to live and work in deep space.

Stellar Optics

In this offline activity, kids build a telescope and learn about physics and light and how telescopes have been used to explore space.

Cosmic Claw

Kids work hands-on to engineer a mechanical arm that works to harvest crops in space.

Cyber Satellite

In this computer science activity, kids learn about cyber security and decoding to stay safe from obstacles in orbit.

Cost: \$5 per member for materials. Registration is required by contacting Teresa Adell at tla47@cornell.edu, 607-547-2536 x225 or 607-433-2521

Earn-an-Animal and Livestock Auction Information

Saturday, November 6th, 9 a.m.
Education Center, Cooperstown

An information meeting for the 2022 4-H Livestock Auction and Earn An Animal program will be held for 4-H members interested in selling an animal in the 2022 4-H Livestock Auction and to earn funding toward a project animal to raise and show as their own.

Livestock Auction species include: beef, goats, poultry, rabbits, sheep and swine. Requirements of the program will be explained. The beef incentive program will also be explained. Youth MUST be accompanied by at least one parent/guardian during the meeting.

The Earn-an-Animal program requires dedication from the youth member and support from their guardians. Youth accepted into the programs will not only learn how to care for their animals, they will experience the process of researching, selecting and purchasing an animal. Participants accepted into the programs will further develop their planning, time management, organization, and recordkeeping skills.

Pre-registration is required by contacting Teresa Adell, tla47@cornell.edu, 607-547-2536 x225 or 607-433-2521.

Career Exploration by Emma Peck

I was lucky enough to participate in the Career Exploration program through 4-H this past spring/summer. It kicked off with an Opening Ceremony via Zoom and included Game Nights and a College Night where we were able to listen to and ask questions of current college students as well as college professors. We were given the opportunity to choose various career choices to explore. Some through live interactions and some through pre recorded sessions which were viewed at our leisure. I chose the Women in Science workshop. It gave each participant a chance to explore a variety of topics such as why certain stereotypes exist, why certain toys are geared toward boys or girls and how we can overcome those. We explored some current women scientists and their extraordinary contributions as well as the bright future of women in the science field.

This opportunity gave me hope and a new desire for a possible career in the science field. The possibilities are endless, not to be held back by one's gender. I am very thankful for this opportunity!

My Earn An Animal Story

By Abbie Ainslie

For my Earn An Animal, I chose a Holstein. I have been showing for as long as I can remember, and this year I did not have an animal for show season, so I know that I would have to buy one. I bought a Holstein Summer Yearling. This project has taught me responsibility and ownership. I have also been able to track things that I've never even thought about before; such as her feed intake, and her feed rations. I have already been to two shows with her and I am very excited to see what the future holds for us.
