

Department of Environmental Conservation

DIVISION OF MATERIALS MANAGEMENT

This document applies to facilities registering to operate under 6 NYCRR Subparts 361-2, 361-3, and 361-4. Please complete this addendum and attach it to the facility's <u>Registration Form for a Solid Waste Management Facility</u>. Solid waste management facility operations are not authorized until a registration is validated by the Department.

1. REG	ISTRATION TYPE	Citation	Complete Section #s	
LAND AF	PPLICATION AND ASSOCIATED STORAGE	361-2		
	Storage of more than 20 cubic yards for recognizable food processing waste	361-2.3(b)(1)	2, 3	
	Manure storage facility that also accepts uncontaminated food scraps or food processing wastes	361-2.3(b)(2)	2, 3	
	Land application facility for unrecognizable food processing wastes or papermill residuals	361-2.3(b)(3)	2, 4	
	Land application facility for septage from a single hauler using not more than two vehicles at any one time for collection related to land application, or the residuals from a composting toilet	361-2.3(b)(4)	2, 4	
	Storage facility for septage from a single transporter using no more than two vehicles for collection or the residuals from a composting toilet	361-2.3(b)(5)	2, 3	
	Third-Party manure land application on a CAFO farm	361-2.3(c)	2	
	Land application or storage facility for digestate (non-CAFO site), if allowed under Subpart 361-3.3	361-3.3(b)(2)	2, 3, 4	
сомроз	STING AND OTHER ORGANICS RECYCLING FACILITIES	361-3		
	Composting facility that accepts more than 3,000 cubic yards but not more than 10,000 cubic yards of yard trimmings per year	361-3.2(b)(1)	2, 5	
	Composting facility that accepts no more than 5,000 cubic yards or 2,500 wet tons, whichever is less, of SSO per year	361-3.2(b)(2)	2, 5	
	Composting facility for animal mortalities	361-3.2(b)(3)	2, 5	
	Composting facility for digestate, if allowed under Subpart 361-3.3	361-3.2(c)	2, 5	
	Anaerobic digestion facility that accepts less than 50 tons of waste per day or is located on a CAFO, and does not accept any sanitary wastes (biosolids, sewage sludge, etc.)	361-3.3(b)(1)	2, 6	
	Fermentation facility that accepts less than 10 tons of SSO per day and does not accept any sanitary wastes	361-3.4(b)(1)	2, 6	
	Animal feed production facility	361-3.5(b)(1)	2, 7	
	Other organics recycling facility that accepts less than 10 tons of SSO per day and does not accept any sanitary wastes	361-3.6(b)(1)	2, 6	
MULCH	PROCESSING FACILITIES	361-4		
	Mulch processing facility with more than 10,000 cubic yards but less than 25,000 cubic yards of material, including storage of incoming material and processed material	361-4.3(a)(1)	2	
2. ADD	ITIONAL WASTE/FACILITY DETAILS (list the types of manure you apply and where it comes from a manage/reduce odor nuisances)	ind any strategies yo	u use to	
WASTE	SOURCES – For each waste/feedstock, please list the source(s) and frequency of waste acception of the source of	otance.		
	MANAGEMENT – Describe how the facility will manage odors and deal with nuisance compla	ints.		

3. STORAGE FACILITIES									
STORAGE TANK OR SUFACE IMPOUNDMENT DETAILS (attach additional pages as necessary)									
Storage	Storage type (e.g., tank, impoundment, lagoon, etc.) Waste(s) contained in structure								
Structure 1	Size Construction details (e.g., materia		al, liner details, etc.) NRC		NRCS Code N	RCS Code NY313 Certified?			
Storage	Storage type (e.g., tank, impoundment, lagoon, etc.) Waste(s) contained in structure								
Structure 2	Size Construction details (e.g., materia		al, liner details, etc.)		NRCS Code NY313 Certified?				
4. LAND A	APPLICATION FACILI	TIES							
APPLICATION SITE(S) DETAILS (attach additional pages as necessary)									
	Farm Owner Name		Street Address						
Site 1	Phone		City/Town	n		Zip			
	Farm Owner Name		Street Address						
Site 2	Phone		City/Town		Zip				
5. COMPO	OSTING FACILITIES								
BULKING AGENTS – List type, source, and quantity of all required bulking agents.									
COMPOST PROCESS – Describe type of composting process to be used (e.g., windrow, aerated static pile, in-vessel, etc.)									
PRE-PROCESSING – Describe any preprocessing at the site (e.g., depackaging, dewatering, etc.)									
6. AD, FE	RMENTATION, and	OTHER FACILITIES							
PRE-PROCESSING – Describe any preprocessing at the site (e.g., depackaging, mixing, grinding, etc.)									
DIGESTATE	E or BYPRODUCT MAI	NAGEMENT							
Quantity P	roduced (per year)	Usage (e.g., land app, bedding	, etc.)	Location of use					
7. ANIMAL FEED									
BUD No. (if applicable) Describe process for receiving and containing waste on-site.									

Attach information needed to show compliance with the registration criteria in 6 NYCRR Part 361.
